## THE KEPLER STORY TOUR

If you've been following us on Facebook or are on our email list, you know what a huge success *The Kepler Story's* was at Morrison Planetarium:

*2,100 audience members. Seven sold-out shows. Rave reviews and press.*

We are incredibly grateful to all our backers, supporters (our "satellites") and donors. This production was truly a collective effort.

And the show's success tells us that we succeeded in delivering a transcendent and new theater experience, that we touched and uplifted audiences. Together, we brought Kepler's vision of universal harmony to a wide and ever-growing audience.

We're busy developing a nationwide (fingers crossed — worldwide) tour of *The Kepler Story*. We're talking with other fulldome planetariums, exploring flat-screen theaters, and even checking out some amazing one-of-a-kind immersive venues (details to come!). Stay tuned, and we'll keep you posted.. and thank you for your ongoing support!
